

EQ Exchange: Collector Acknowledgement

I acknowledge and agree that the following are true and accurate statements, to the best of my knowledge. Should any of the following facts change, I will promptly notify EQ Exchange.

All of the following statements **MUST BE TRUE** and acknowledged in order to submit an opportunity on EQ Exchange:

- I am over 13 years of age.
- All information I submitted when registering with EQ Exchange is complete and accurate.
- I understand and agree that EQ Exchange will receive 3% Sales Fee of tokens and NFTS along with an additional 3% of Secondary and Third Sales.
- EQ will collect royalty payments on behalf of you the collectors and NOT directly from the artists and will take 3% transaction fee to process royalty payments to you the collectors.
- EQ will serve as the collector of royalty payments for the artists and any/all disputes with the royalty payments will be with EQ directly. Artists will not be responsible for the payments.
- Royalty terms are set by the Artist, EQ does not control the terms nor provide any financial guarantee of payments. Artist will act in good faith to provide EQ with accurate information. EQ will not enforce payments but will act in good faith.
- I understand and agree that, for any sale of an Approved Token, EQ cannot guarantee value or if trading value can take place on other platforms.
- All information I have provided to EQ Exchange is accurate and true.
- Collectors understands that EQ cannot guarantee sale of tokens or NFTs and is not providing financial advice for collectors or artists. Value is set by market demand and NOT EQ.
- Any utility component of the token is up to the artist to provide collectors in good faith. EQ will not enforce the utility component of the NFT/Token sale that the artist provides
- Each smart contract will contain the details outlined by the artist, EQ is NOT in control of any terms other than what is outlined here with our rates.

By entering into the Collector Agreement, I will not receive any additional royalties from EQ Exchange for the playback of any Song on a streaming service that is not outlined in the smart contract agreement. Any such royalties will be paid by the streaming service in accordance with the terms of my agreement with that streaming service.

- By clicking on this box, Artist agrees to ALL terms listed in this Artist Agreement and will uphold the integrity of these terms for the duration of this agreement and promise to collectors as laid out in the smart contract terms for the sale of their NFTS/token.
